Roger Purdie –Managing Director

Quality & Satisfaction

THE Q-CAMPUS

Q-campus is a division within The Quintica group that focuses on the Education and people development side of IT Service management. The group's professional, skilled and dynamic team of trainers is committed to delivering a refreshing and practical approach to all courses on offer.

Q- Campus offers a wide range of 'best practice' courses that are aimed at bridging the gap between people, processes and technology by focusing on training and up-skilling the people on best practice methodologies.

*Our **passion** is People; our **aim** is to become a trusted partner with you in moving forward on a Service Management journey. Our **objective** is to help you and your staff realise their full potential. We will provide people with the tools and confidence to capitalise on their knowledge and experience.*

*Our **measurement** of success is through your success.*

Quintica is a total solutions company which provides total service management solutions for organisations. We will assist your organisation grow through enhancement of your People, Process, Technology and Partners.

Why Quintica

EDUCATION IS A CORPORATE ETHOS

Our approach to development and education is through our proven methodologies; our experience from lessons learnt and best practice frameworks.

Quintica's trainers, training material and business processes are internationally accredited by the AMPG who are the custodians and ultimate accreditation body for ITIL.

Quintica has further International accreditation with, EXIN and itSMF.

All of the Professional Skills courses on offer are SETA accredited, most have NQF levels attached. We customise and tailor make specific workshops according to the clients' requirements and current challenges. As well as international footprint, in delivering our training globally.
